

UFO Disclosure shows Elite Planning to follow up on Fake Pandemic with Fake Alien Invasion

The Khazarian mafia is preparing the public for some form of alien disclosure or invasion scenario as they struggle to stay in power, Pentagon and other sources claim. The most likely scenario for this autumn is the cancellation of the U.S. Presidential election followed by a UFO distraction, the sources say. U.S. President Donald Trump himself is saying the election needs to be called off even as he continues to promote a “Space force.”

MI6 sources, for their part, say all space activity has been grounded recently so this “space force” may well be actors who will play the “good guys” who protect us from “bad aliens.” Soon to be appearing on a TV screen near you.

A strong indicator for this campaign was an article in the New York Times that among other things mentions the U.S. military has “off-world vehicles not made on this earth.”

Many of the UFO evidence trails lead to the Rockefeller family. To quote Mathew Ehret of the Strategic Culture Foundation:

In 1993, [the Disclosure Initiative](#) was created by none other than financier Laurence Rockefeller (4th son of Standard Oil founder John D. Rockefeller). During the heyday of the Rockefeller UFO Disclosure Initiative, the Clintons stayed at [the Laurence Rockefeller ranch](#) in Wyoming, during which time an early recruit to the “disclosure mission” was Clinton Chief of Staff John Podesta.

During the Clinton White House years, Laurence Rockefeller recruited a bodybuilding biologist named Stephen Greer to become the controller of the Disclosure Project, which has provided his meal ticket to this very day. Greer has given thousands of interviews [promoting the narrative](#) that NASA’s Apollo Lunar projects were stopped in 1972 merely because the aliens who have been stationed on the Moon for eons didn’t want the truth to leak out

Area 51 during this period, which largely fed off the earlier social engineering experiment of H.G. Wells’ [War of the Worlds emergency broadcast](#) read aloud in 1938.

This radio broadcast of a novel about a Martian invasion of Earth set off a real panic among the population and served as the template for a planned fake alien invasion aimed at cementing control over the population.

Remember this famous quote from Rockefeller bagman Henry Kissinger?

“Today, America would be outraged if U.N. troops entered Los Angeles to restore order [referring to the 1991 LA Riot]. Tomorrow they will be grateful! This is especially true if they were told that there were an outside threat from beyond [i.e., an “extraterrestrial” invasion], whether real or promulgated, that threatened our very existence. It is then that all peoples of the world will plead to deliver them from this evil. The one thing every man fears is the unknown. When presented with this scenario, individual rights will be willingly relinquished for the guarantee of their well-being granted to them by the World Government.” – Dr. Henry Kissinger, Bilderberger Conference, Evians, France, 1991

The Naval Intelligence information-disinformation site Sorcha Faal is among the many sources now aggressively pushing the “alien” theme. They confirm what CIA and Pentagon sources say that the November presidential election will be canceled and:

“That will then be quickly followed by an even more shocking “*October Surprise*” event, that will see President Trump revealing to the American people the truth about what happened in [Roswell-New Mexico in 1947](#)—a revelation President Trump will make exposing the truth of alien life not of our world, that this GRU document shows President Trump and President Putin having discussed in phone conversations 11-times since February ([U.S. sources say at least 8-times](#)), to [include their call this past Thursday](#)—phone calls between President Trump and President Putin this GRU document shows them discussing only one subject, known as the “*The Kemerovo File*.”

That is one of the most highly-classified files in the possession of MoD, and regards a [mysterious UFO-like object discovered in January-2015 by Russian coal miners deep underground in the Belovo District-Kemerovo](#)—that most astoundingly to know about, is [a near exact miniaturized version of the UFO said to have crashed in Roswell-New Mexico in 1947.](#)”

Your correspondent has been bombarded with alien-type information ever since pointing out the Rockefellers and their ilk were acting like self-appointed gods thanks to their ownership of the misnamed “Federal” Reserve Board. When I was blacklisted from all Western corporate media (for writing about the FRB, 911, etc.) and also faced a book ban in Japan, causing my income to evaporate, suddenly I received paid speaking invitations by “alien” and UFO groups.

This happened even though I was a financial journalist who never once in his career ever wrote about UFOs. This campaign was followed up with a systematic whispering campaign to anybody I ever worked with as a professional journalist that “Benjamin Fulford was taking drugs and talking crazy alien stuff so you had better not have anything to do with him.”

Anyway, the big UFO-alien push is clearly a sign of elite desperation. The reason for this is a wave of criminal probes zeroing in on them, CIA sources say. Ghislaine Maxwell has been singing like a canary over elite pedophilia and her evidence is implicating a huge list of elite pedophiles. This may be, for example, why the former King of Spain Juan Carlos has suddenly gone missing.

<https://www.bbc.com/news/world-europe-53647170>

The ongoing round up of elite pedophiles is also distracting from a series of other criminal probes targeting the elite. For example, Chabad Satanist Trump’s son-in-law Jared Kushner and Trump himself are under investigation for questionable financial deals involving Deutschebank.

We are also seeing pharmaceutical corporations being charged with manslaughter in a birth defects case. <https://www.france24.com/en/20200803-pharma-giant-sanofi-charged-with-manslaughter-in-birth-defects-case>

If they are now being criminally charged for birth defects, what will happen when the truth about manufactured pandemics comes out?

This e-mail from a whistleblower, if true, makes it clear the ongoing pandemic has roots in the Satanic Chabad cult and their plans to kill 90% of humanity. Note the original reference to Bill Gates was provably false.

As many of you heard Moderna is in the 3rd and final stage of their vaccine development. Here's something many of you don't know, guess who the first CEO of Moderna was?

A Cornell graduate by the name of Anthony Fauci. Now let's really go down the rabbit hole. Moderna was a pharmaceutical company that started in Germany under the name IG Farben.

IG Farben is infamous for its mass production of Zyklon-B, the primary gas used to kill millions during the Holocaust. After Germany fell, IG Farben was dissolved and its assets sold off by a Nazi turned American by the name of, you guessed it, George Soros. Soros rebranded the company as Moderna.

And who was the primary stockholder of Moderna until his death? Jeffrey Epstein. His role in Moderna is where he made his fortune and established his connections.

When the still sleeping "sheeple" portion of the population finds out about elite crimes of this sort, you can be sure the reaction will be violent. That is why the elite are pushing the alien card and other tricks.

We are also hearing from the NSA of an Israeli nuclear attack against Beirut. FSB and MI6 sources say Israeli Crime Minister Benjamin Netanyahu ordered the attack to try to derail criminal probes that are zeroing in on him.

We are also hearing from Pentagon White Hat sources that any "October surprise" by the Khazarian mob will be met with a "November surprise." The nature of this surprise is not known but it is a good guess that neither Trump nor Biden will be president in 2021.

No matter what though, the overall geopolitical stalemate we have been experiencing throughout the summer is expected to end in a dramatic fashion this autumn. This may involve a limited war in the Middle East aimed at forcing Israel and the Zionists to stop their constant terrorism and troublemaking.

Any other Israeli nuclear attack like the one on Lebanon (confirmed as such by both the Pentagon and MI6) will be met with a response such as the destruction of Tel Aviv, gnostic Illuminati sources say.

DIA sources contacted me just before this report went live to add:

Israel nuking Beirut may have hastened its demise and sealed Bibi's fate as a serial war criminal.

ICC may expand its prosecution to include Beirut which is not just a war crime but a crime against humanity.

Trump was forced by the military to drop the truth bomb and may have to utter the N and I word in the same sentence since the missile strike has been exposed on video and gone viral.

Trump's October surprise may have been moved up to August, and in his crosshairs are 911 declassifications, Zionist and Jewish billionaires like Adelson, Paul Singer, Haim Saban, and those who fund the democrats.

Undercover of aid for Lebanon, world leaders led by the UN, EU, France, UK, Denmark, Russia and England and the G20 may impose the final solution on Israel helping Trump to terminate Zionist enemies foreign and domestic

In retaliation for nuking the Christian sector of Beirut and to stop further nuking by Zionist psychopaths, Russia may use Israel as a testing ground for its weapons like the Poseidon nuke torpedo

If the Israelis want to remain a constructive part of humanity, they will need to remove their mass-murdering Nazi leader Netanyahu and his Khazarian Zionist bosses who are hiding out in such places as New Zealand, the British Virgin Islands, Switzerland, etc. Until they do, elite disappearances, such as that of the former Spanish King Carlos, will only continue and expand.

Finally, this week we would like to report the local home center near my cottage in Canada says they have been under attack for weeks from hackers. When I was there the lights kept going on and off and all the electronic payments systems were failing. The result was that only cash worked. We hear this sort of trouble is happening throughout the financial system and is not restricted to my local store. In any case, this incident reveals key faults in “digital money”: it needs electricity to work and is vulnerable to hackers.
