AS THE US SOCIALIST GOVERNMENT IN AFGHANISTAN CRUMBLES

US Secretary of Homeland Security, Alejandro Mayorkas, admitted that America had lost control over its southern border.

And Biden's security experts, warn the leftist media, to keep censoring "triggering news and imagery," on Afghanistan, most particularly in order to keep the US population, from understanding, how truly easy it is, to topple a demonic socialist regime.

Under socialist siege, US soldiers, and police, will surrender and side with any armed group, opposing Washington, and its predatory tyrants. #sorcha

Does the whole Western Administration have to fall before we get an end to systemic fraud?

UK DEEP STATE

Far from being a committee, UK Deep State is made up of a multitude of political & economic groups who work for their own power, greed & control.

While this hierarchy was originally set up to administrate Britain & The British Empire under the authority of The European Royal Families it is now controlled by Corporate Powerbrokers.

GOVERNMENTS HOLD CITIZENS HOSTAGE.

Around the world, rogue governments are holding their own citizens hostage under medical tyranny, promising that freedom will be restored if they meet vaccine quotas that require mass injections with experimental gene therapy drugs. (They are not merely "vaccines.")

In other words, you now have to "earn" your "freedom" from government tyranny, but the government sets the rules, and those rules are, of course, ever-changing.

This is the new level of insane, lawless TYRANNY being waged by rogue governments under the label of "covid."
