

Breaking the Law

It ain't the people it's the Government
Its the business & the corporate
Its not the homeless in poverty
Its the Drone Kings you don't see.

Its polluters with their chemicals
Accountants with their decimals
Police fight Democracy
For the greedy Aristocracy.

Its the politicians, lawmakers
The Civil Servants & the Taxman
The Bankers & the Stock Exchange
Its the media who wont change

CHORUS:

**If you don't protect humanity
If you don't support democracy
Justice & integrity
Your doing nothing for humanity**

Power Junkies live for fraud
Give nothing back as a reward
Grabbing everything they can
Dont care they kill their fellow man

Profit before life is a lie
Fraud can make a nation die
We ain't immune cause we are next
There gonna come & ring our necks

Taxman taxman,
Wont touch the rich man
Taxman taxman
Run away & hide in sand.

CHORUS:

**If you don't protect humanity
If you don't support democracy
Justice & integrity
Your doing nothing for humanity**

Fraud on Stock Exchange
A million crimes to re arrange
Everyday another steal
A virtual crime but death is real

The rich claim Democracy
All they got is hypocrisy
They steal life they steal food
And waste money on their bad mood.

Crooks & the dealers run the state
Creating chaos conflict & hate
All they got is money money
No love love it just ain't funny.

CHORUS:

**If you don't protect humanity
If you don't support democracy
Justice & integrity
Your doing nothing for humanity**
