

## MSM Agenda 64

*For the general population, believing in the existing social, economic and political order helps them to feel safe and secure. Believing that it is good and just helps to keep your fear & insecurity at bay.*

One of the many disinformation agendas in the Main Stream Media is their elevation of the “Elite” to a superior race of quality beings. In fact the opposite is true. The Elite now appears to be made up of demented psychopaths who are still waging historic wars & covert feudal battles between ancient societies which vie for power to rule the planet.

They hide in underground castles where they carry out obscene Satanic Rituals to steal more power out of the flesh of their victims pain.

Their quest for continuous International War & Fraud is just the tip of the iceberg, a cloak to hide the truth of their depraved existence.

They are not superior beings, they are dysfunctional, emotionally dead, lost souls wallowing in the depths of human misery.

The only thing which gives them real power is the money they have accrued to pay covert armies to infiltrate & wage wars to destabilise & overthrow all legitimate sovereign economies. Their need to destroy all Democratic States, the family, religion & successful human endeavours comes from their acute paranoia & fear of being destroyed.

They fail to understand the workings of the human mind & do not realise that the general population just want to be happy & in a loving world. They therefore have no enemies, only the ones they intentionally create with their own actions.

The criminal cartels which they use to control the societies of the world are covered up by the Main Stream Media, the mouthpiece of the corporate criminals. The extent of their influence has spread through Western Society & the world by the subversion of every human endeavour by blackmail, sexual perversion & murder.

They have taken over the Justice systems, the legal profession, accountancy, politics, corporations, government & banking. Their control of the banking system has allowed them to intercept Taxpayer payments & then pay back to the failed government only half the money for use under their direction.

Their actions can be witnessed & then covered up by the Main Stream Media. The Kennedy assassination, 9/11 Trade Centre, MH17 Ukraine airliner destruction, MH370 airliner destruction, Paris Brussels “Isis” attacks, Islamic refugee trafficking into Europe, & of course the overthrow world wide of Democratic governments.

Most of “The Establishment” bastions of society are just a facade for some obscene criminal endeavour.

These criminal cartels destroy societies by using government agencies to run drugs & child trafficking for their paedophile rings & parties, which are then used to blackmail more “connected” people.

Music idols are the slaves of these parties, paid to perform sadistic sexual rituals which often creep into their music videos to contaminate the population. The agenda of “The Elite” is to use the Main Stream Media to normalise satanic, sexual perversion & cross gender confusion to destroy society’s Family Strength a create a world in their own image.

A Satanic world.
