Neuro Linguistic Programming, NLP

When the UK government took us into the European Union.

We didn't just join the Economic Trade Union.

They didn't just destroy our country's Sovereignty

They also illegally destroyed the English Constitution.

The rights of a sovereign state to rule over it's own land & its borders with Democratic governance by the people.

But the English Constitution also protected our personal individual rights of freedom: free movement & free speech under Common Law.

Our personal sovereignty as Gods creatures.

They introduced The Collective.

This Collective ideology promotes the idea that we are not individually responsible for our own thoughts & actions.

That our primal responsibility should be to think & work for the community as a whole.

That we give up our personal freedoms of thought & actions to work for The Collective good of humanity.

The problem with this supposed humanitarianism is that The Collective is actually a pseudonym for The State & State Control.

The ideology is actually the repression of individual free will.

Western Civil servants have been indoctrinated by the mindwarp philosophy of N L P.

Common Core & Common Purpose management courses in the Civil Service. Have been using brainwashing combined with psychotherapy & hypnosis to destroy the individuals closest allegiances.

Their family, religion, friends, social cohesion & put The Collective first.

Neuro Linguistic Programming, NLP.

NLP asserts that there is a connection between neurological processes, language and acquired behavioural patterns, and that these can be changed to achieve specific goals

NLP has been adopted by some hypnotherapists as well as by companies that run seminars marketed as leadership training to businesses and government agencies

Government Agencies, our Civil Servants.
