

THIS IS WORLD WAR III

This is World War Three, not because it is the worst world war ever but because it covers the whole planet.

We are now involved in the most historic event for 2,000 years.

The overturn of the western criminal elite.

A western criminal elite that has infiltrated every government & turned the world population into banker slaves.

This war is not nuclear & is a negotiation by the psychopath elite to hold on to their power by any means possible.

They have already used weapons of mass destruction;

Weather weapons, earthquake weapons, covid, Electro Magnetic Pulse weapons, Lazer beams, satellites, Direct Energy Weapons, mercenary armies, drones, missiles, sea drones, media disinformation, population mind control, rigged elections, 5G Radiation, assassinations, stock exchange manipulation, sanctions, civil war, antifa terrorist groups, covert terrorist groups, power cuts, internet disruption, hacking, blackmail, fraud, theft, Treason, Crimes Against Humanity, highway destruction, poison vaccines, food shortages, infrastructure damage, supply chain control, mass murders. HAARP, kidnapping, false flag attacks, pandemics, child trafficking,

So it's quite a bumpy road.

The advice is to stock up with a month's food, drinking water, torches, cash, medicine & essential items. And keep your head down.
