

The Exeter Community Project. The Community Project (Exeter) The Community Project (Devon)

As it appears that every public service is now a corrupt corporate entity, maybe it's time for The People to fight back and embrace our collective power.

One way to do this would be to set up a community project to replace the corrupt City/County Councils with our own guides to healthy living, financed by crowd funding.

To replace the healthy living protections that our public servants now fail to provide.

For instance;

Consumer protections on food contamination with cancerous additives.

Advice on healthy living.

Community aligned Alt Doctors.

Fraud protection.

Security personnel.

Legal Advice

Community therapists & alt therapies.

Group social activities.

Group social meetings.

Bulk negotiations & buying for gas, electric, broad band, water etc.

Supporting small farm & eco food producers.

Bulk food basics.

Recommended community food shops.

Providing community jobs

Setting up a community bank

A free lift transport system.

News paper.

Community Project Think Tank to project our political advice into these administrations.

Website design

Activities

Kayaking

Self defence

Therapy

Group Discussion, public speaking.

School problems

Drum performance group.

Modern dance group

Music rehearsal group

DJ music performance

Computer Games for developing solutions to society problems & evolution.

Restructuring Society
