<http://drwilliammount.blogspot.com/>

The Nation of Britain, led by some of the most vicious and Evil leaders in history, has pushed Russia to the limit. They are attempting to do everything in their power to start a full scale nuclear conflict - everything. Ukrainian warships fired on by a Russia coast guard ship minutes ago:

- 1) Over the last few weeks these British (Led by the Demon Possessed Queen's Handlers) sent hundreds of Royal Marines to the Ukraine to re-initiate their conflict with Russia.
- 2) Yesterday there White Helmets fired Chlorine Gas at the city of Aleppo, Syria killing Russian Advisors there. Remember - the Original Valley of Ar-meged-don as describer 1,500 years before Abraham.
- 3) The Brits also led an effort to create not only an Inter EU Intelligence group to harass the Russians but an Internal Euro Army.
It is all being exposed - every bit of it. Names, addresses, actions - everything.
- 4) MI6 is also scrambling to stop President Trump from releasing information regarding the Fake Russian Collusion Story set forth by MI6 and the Demoncratic Party - which will make everyone in the DNC and MI6 guilty of High Treason.
- 5) A few hours ago 3 Ukrainian Ships rushed into Russian Waters pretending to "Invade." Russia with Royal Marines.
- 6) The EU High Council agreed to remove Britain from the EU in March - but in reality the plan calls for keeping Briton in the EU. The Ruling Class of England has killed BREXIT and Theresa May is responsible.
- 7) Russia is now warning the Ruling Class in England to prepare for a retaliation to these violations of International laws and the murders they just funded in Syria. The attempted Coup against Russian Leadership run by England a few weeks ago we warned Moscow about weeks before it happened has not helped either.
- 8) Further - Russia has just allowed the Russian Rulers to conduct a First Strike with Nuclear weapons on Briton for these provocations and chemical attacks in Syria.
It is getting pretty hot and it appears that both the leaders of Britain and Russia are demanding the beginning of this Full Scale Nuclear Conflict to kill 7 Billion People.
